## Together We Grow

### GROWTH, RESPECT, OPPORTUNITY, WORTH

#### Welcome to All

Dear Parents/Carers

It was fantastic to see so many of our families attend last Friday's 'Welcome Back Family Picnic'. Students thoroughly enjoyed being able to picnic with their family at school. Thank you to parents and carers for taking the time to attend this very important school event. A very big thank you to Mrs Claude our P&C President for selling drinks at the picnic. Our Year 6 Student Leaders also worked very hard on the day setting up equipment, selling icy poles and cleaning up after the picnic – well done Student Leaders!

#### SYRIA AND TURKIYE EARTHQUAKE APPEAL FUND RAISING

Last Friday the school held a Free Dress day and students and staff donated a gold coin if they were in Free Dress. Icy Poles were sold at the Welcome Back Family Picnic and tickets to 'The Great Moscow Circus' were raffled. The proceeds from these fund raising events will go towards supporting the victims of the Turkiye and Syria earthquake. Winners of the tickets to The Great Moscow Circus are published in this edition of SCOOP. There are still some unclaimed (orange) tickets which are also published in this edition of SCOOP.

In total Thornlie Primary School community raised **\$1358.05**. This is an outstanding effort in just one day and I sincerely thank the school community for their generosity and support for the victims of the Syria and Turkiye earthquake. We really do have an amazing school community – thank you! The money will now be forwarded to *Emergency Action Alliance* which is made up of 15 Australian based member charities who use their reach and resources to save lives around the world with speed and in getting aid to affected areas where disaster has struck. For more information please go to: <https://emergencyaction.org.au>

#### GRANDPARENTS MORNING TEA

This Friday 24 February from 9:30 – 10:30am the school will be holding a grandparents morning tea. This is to acknowledge the very important role grandparents play in the lives of their grandchildren. The morning tea will be held in the shaded area in front of the administration building where the new tables and bench seats are. Please **RSVP to the school on 92323450 by no later than Wednesday 22 February**, your attendance (for catering purposes).

# NAPLAN

## Information for parents and carers

# 2023

### Why do students do NAPLAN?

NAPLAN is a national literacy and numeracy assessment that students in Years 3, 5, 7 and 9 sit each year. It is the only national assessment all Australian students have the opportunity to undertake.

As students progress through their school years, it's important to check how well they are learning the essential skills of reading, writing and numeracy.

NAPLAN assesses the literacy and numeracy skills that students are learning through the school curriculum and allows parents/carers to see how their child is progressing against national standards and over time.

NAPLAN is just one aspect of a school's assessment and reporting process. It doesn't replace ongoing assessments made by teachers about student performance, but it can provide teachers with additional information about students' educational progress.

NAPLAN also provides schools, education authorities and governments with information about how education programs are working and whether young Australians are achieving important educational outcomes in literacy and numeracy.

### Your child will do the NAPLAN tests online

Schools have transitioned from paper-based to computer-based assessments. All Year 3 students will continue to complete the writing assessment on paper.

Online NAPLAN tests provide more precise results and are more engaging for students. One of the main benefits is tailored (or adaptive) testing, where the test presents questions which may be more or less difficult depending on a student's responses.

Tailored testing allows a wider range of student abilities to be assessed and measures student achievement more precisely. A student's overall NAPLAN result is based on both the number and complexity of questions they answer correctly. Your child should not be concerned if they find questions challenging; they may be taking a more complex test pathway.

### What does NAPLAN assess?

NAPLAN assesses literacy and numeracy skills that students are learning through their regular school curriculum.

Students sit assessments in writing, reading, conventions of language (spelling, grammar and punctuation) and numeracy. The questions assess content linked to the Australian Curriculum: English and Mathematics.

All government and non-government education authorities contribute to the development of NAPLAN test materials.

To find out more about NAPLAN, visit [nap.edu.au](https://nap.edu.au).

### Participation in NAPLAN

NAPLAN is for everyone. ACARA supports inclusive testing so all students have the opportunity to participate in the national assessment program.

Adjustments are available for students with disability who have diverse functional abilities and needs.

Schools should work with parents/carers and students to identify, on a case-by-case basis, reasonable adjustments required for individual students with disability to access NAPLAN. Adjustments should reflect the support normally provided for classroom assessments.

To help inform these decisions, you may consult the [NAPLAN public demonstration site](#), the [Guide for schools to assist students with disability to access NAPLAN](#), or our [series of videos](#) where parents/carers, teachers and students share their experiences in using NAPLAN adjustments.

In exceptional circumstances, a student with a disability that severely limits their capacity to participate in the assessment, or a student who has recently arrived in Australia and has a non-English speaking background, may be granted a formal exemption.

Your school principal and your local test administration authority can give you more information on adjustments for students with disability or the process required to gain a formal exemption.

## What if my child is absent from school on NAPLAN days?

Where possible, schools may arrange for individual students who are absent at the time of testing to complete missed tests at another time during the school's test schedule.

## What if my school is closed on NAPLAN days?

Schools with compelling reasons may be given permission to schedule tests after the 9-day test window.

## What can I do to support my child?

Students are not expected to study for NAPLAN. You can support your child by reassuring them that NAPLAN is a part of their school program and reminding them to simply do their best. Some familiarisation and explanation of NAPLAN is useful to help students understand and be comfortable with the format of the tests. Teachers will ensure students are familiar with the types of questions in the tests and will provide appropriate support and guidance.

ACARA does not recommend excessive preparation for NAPLAN or the use of services by coaching providers.

See the types of questions and tools available in the online NAPLAN assessments at [nap.edu.au/online-assessment/public-demonstration-site](http://nap.edu.au/online-assessment/public-demonstration-site).

## NAPLAN timetable

The NAPLAN test window is 9 days. This is to accommodate schools that may have fewer devices.

The NAPLAN test window starts on Wednesday 15 March and finishes on Monday 27 March 2023. Schools are advised to schedule the tests as soon as possible within the testing window, prioritising the first week.

## How is my child's performance reported?

Individual student performance is shown on a national achievement scale for each assessment. This scale indicates whether the student is meeting expectations for the literacy and numeracy skills needed to participate fully in that year level.

A NAPLAN individual student report will be provided by your child's school later in the year. If you do not receive a report, you should contact your child's school.

## How are NAPLAN results used?

- Students and parents/carers may use individual results to discuss progress with teachers.
- Teachers use results to help identify students who need greater challenges or extra support.
- Schools use results to identify strengths and areas of need to improve teaching programs, and to set goals in literacy and numeracy.
- School systems use results to review the effectiveness of programs and support offered to schools.
- The community can see information about the performance of schools over time at [myschool.edu.au](http://myschool.edu.au).

## Where can I get more information?

For more information about NAPLAN:

- contact your child's school
- contact your local test administration authority at [nap.edu.au/TAA](http://nap.edu.au/TAA)
- visit [nap.edu.au](http://nap.edu.au)

## SEASONS FOR GROWTH

Seasons for Growth is a group for children who are transitioning through difficult change.

Two Level 3 Seasons for Growth groups have begun this term.

We are learning that life is like the seasons constantly changing and that, like the seasons, we enjoy some change and some we don't.

For more information about Seasons for Growth contact the School Chaplain or go to <https://www.goodgrief.org.au/>.

(Chaplain and Seasons for Growth Companion/Site Co-ordinator)

CoderDojo movement believes that an understanding of programming languages is increasingly important in the modern world, that it's both better and easier to learn these skills early, and that nobody should be denied the opportunity to do so.

To that end, we've built a global network of free, volunteer-led, community-based programming clubs for young people. Anyone aged seven to seventeen can visit a Dojo where they can learn to code, build a website, create an app or a game, and explore technology in an informal, creative, and social environment.

## VOLUNTARY CONTRIBUTIONS

Thank you to Parents and Carers who have already paid Voluntary Contributions for 2023. Voluntary contributions are an important source of funding for Thornlie Primary School. Our Voluntary Contributions are set at \$60 per child which represents enormous value for a year of high quality education.

Contributions collected from parents are used to provide materials and resources directly consumed by students. The contributions are voluntary, but directly contribute to improving the education program we can offer your child.

Please refer to the attached flyer that will give you step by step instructions on how to download QKR and register your child/ren so you are ready to make payments. Alternatively monies can still be received via EFTPOS or direct deposit into the schools bank account.

Pay your Voluntary Contributions this term and be in the draw to win a Hoyts Family movie pass. As a further incentive to try QKR when paying your fees we are adding a \$20 voucher to spend at the Hoyts Candy Bar if the winner has used QKR
