What's happening in EC2

The students in EC2 (Pre-Primary) have been having learning about positional language in Maths. They have singing songs such as "Going on a Bear Hunt" and "Over the Deep Blue Sea" to develop their understanding of the words over, under, through, up, down, forwards, backwards, across and around

Last Friday they pretended that they were Rosie the hen from the story "Rosie's Walk" and went on their very own adventure through our playground. Students went across the logs, over the climbing frame, through the tunnel, around the chairs, up the climbing wall and down the slide. Lots of fun and learning was had by all!

VOLUNTARY CONTRIBUTIONS

Thank you to Parents and Carers who have already paid Voluntary Contributions for 2024. Voluntary contributions are a important source of funding for Thornlie Primary School. Our Voluntary Contributions are set at \$60 per child which represents enormous value for a year of high quality education.

Contributions collected from parents are used to provide materials and resources directly consumed by students. The contributions are voluntary, but directly contribute to improving the education program we can offer your child.

Please refer to the attached flyer that will give you step by step instructions on how to download QKR and register your child/ren so you are ready to make payments. Alternatively monies can still be received via EFTPOS or direct deposit into the schools bank account.

Pay your Voluntary Contributions this term and be in the draw to win a Hoyts Family movie pass. As a further incentive to tryu QKR when paying your fees we are adding a \$20 voucher to spend at the Hoyts Candy Bar if the winner has used QKR

Seasons For Growth

Living with change and loss

Change and loss are issues that affect all of us at some stage in our lives. At Thornlie Primary School we recognise that when changes occur in families through death, separation, divorce and related circumstances, young people may benefit from learning how to manage these changes effectively. We are therefore offering a very successful education program called *Seasons for Growth* which will commence in this term. This program is facilitated in small groups and is based on research which highlights the importance of social support and the need to practise new skills to cope effectively with change and loss. The program focuses on issues such as self-esteem, managing feelings, problem-solving, decision-making, effective communication and support networks.

If you think your child would benefit from Seasons for Growth we would encourage you to talk to him/her about participating in the program.

Thornlie Primary School is pleased to be offering this important program through the Chaplaincy Service and we are confident that it will be a valuable learning experience for those who request to be involved. If you require further information, please contact the school chaplain, Christine Thomas, on 9232 3450 or go to <https://www.goodgrief.org.au/>

CoderDojo movement believes that an understanding of programming languages is increasingly important in the modern world, that it's both better and easier to learn these skills early, and that nobody should be denied the opportunity to do so. To that end, we've built a global network of free, volunteer-led, community-based programming clubs for young people. Anyone aged seven to seventeen can visit a Dojo where they can learn to code, build a website, create an app or a game, and explore technology in an informal, creative, and social environment.

Choose your challenge:

1. Scratch
2. Javascript
3. Python
4. Lego Mindstorms now with Micropython!
5. Arduino Robots
