CoderDojo movement believes that an understanding of programming languages is increasingly important in the modern world, that it's both better and easier to learn these skills early, and that nobody should be denied the opportunity to do so.

To that end, we've built a global network of free, volunteer-led, community-based programming clubs for young people. Anyone aged seven to seventeen can visit a Dojo where they can learn to code, build a website, create an app or a game, and explore technology in an informal, creative, and social environment.

# FACT SHEET

## Understanding Bullying

### What Is Bullying?

Bullying is **repeated** ongoing negative behaviour directed at an individual or a group with the intention to hurt or harm. Bullying is NEVER OK! It is hurtful and can impact someone for a long time. There are different types of bullying. Below are some of the more common forms:

- Verbal:** Name calling or put downs, threats, teasing, ridiculing and yelling.
- Physical:** Punching, tripping, kicking or stealing and/or destroying someone else's property.
- Social:** Leaving people out, gossiping, or talking about someone behind their back. This can also include lying, spreading rumours, mimicking, making fun of, or playing nasty jokes to embarrass and humiliate.
- Cyber:** Hurting someone using technology, via email, chat groups, text messages, social media, websites and online games.

### What Can I Do About Bullying?

Bullying can happen anywhere. It can happen at school, home, work, sport and online. If you feel like someone is being bullied, you can be an Upstander by taking action. You can:

- Intervene (if it is safe for you to do so)
- Speak up and say something, for example "That's not ok," or "Hey, that's unfair."
- Remove and support the target
- Don't join in
- Tell someone, report it

If YOU are being targeted by bullying behaviour, it is also very important that you tell someone. You can let the person know that their behaviour is not OK. Do not show them that you're upset! Stay calm, use assertive body language, walk away, and tell a trusted adult.
