What's Happening in Room 19

Room 19 has been learning about the real superheroes of our diverse communities we live in - the essential workers and services that make life so much easier and more meaningful and how we can contribute to these communities in the future. We reflected on the occupations that we aspire to work towards, drew ourselves in uniform and also received a real-life demonstration of first aid skills from the lifesavers at St John Ambulance. We are grateful to be in the communities that we live in and have been busy writing persuasive texts about our gratitude!

BOOK FAIR 2023

I would like to thank everyone who purchased books from Larrikin book fair in week 7.

We raised \$3394.50 from the sale. Our school library receives 35% of this money as store credit.

This is an outstanding effort. Thank you once again to all the parents and staff who have bought books to support the school library collection.

Congratulations to all the book voucher winners and I hope all the winners have choose some fantastic books from the book fair.

THORNIE PRIMARY SCHOOL

CLASS PLACEMENT OF STUDENTS POLICY & GUIDELINES

Guiding Principle

The child's educational interests will be the basis for class placement ahead of all other considerations.

Rationale

Individual class placements can have significant effects on student achievement and must primarily be based on the school's professional judgements of the child's educational needs, circumstances and interests.

Policy Guidelines

Placement Criteria and Considerations

- The child's academic, social, physical and emotional needs.
- Creating balanced class groups across the school.
- Whole of school organisation and flexibility.

Communication

- Parents are provided with a copy of the policy "Class Placement Policy".
- Parents are advised that letters from parents will not be considered in the placement process.
- Class lists are posted in the covered assembly area the day prior to the start of Term 1.

Placement Procedures

- Teachers and administrators spend a considerable time selecting the best placement of all students.
- The administration team and teachers review all the drafted lists prior to the preparation of final class groups.

Special Placements

- 'At Risk' children or those with special needs will be identified and recommended for placement first.

General Placements

- Projected numbers for the new year are estimated and possible class structures are then considered by the administration team.
- Staff are consulted on the preferred class structures.
- Teachers make placement decisions based on their knowledge and experience of students.
- Student and staff knowledge is used to provide information on friendship groups.
- Teachers meet to formulate the proposed classes.
- Specialist teachers consider class groups to provide their input.
- School administration make a final review of the class groupings.
- Parent requests for alteration of the class lists will not be considered by the school's administration.

Review Date: 2024

The successful implementation of this policy will ensure smooth transition from year to year with the overall well being of every student in the school being considered.
