

Thornlie Primary School Parents and Carers Supporting Your Child's Learning at Home

We would like to encourage parents to maintain a daily routine by:

Waking your child and eating breakfast at the usual weekday times.

Provide your child with a work area that is located in an open, quiet space – especially when accessing online content.

Create a schedule for learning from home to provide your child with clear expectations about what their day will look like.

Use the schedule to talk with your child about the learning activities they will work on throughout the day.

Provide a balance throughout the day so that your child is not spending 8 hours a day using digital devices.

Create time in your child's daily routine for physical activity.

Spending time as a family, watching movies (with the sub-titles on for your child to practise their reading), reading stories and playing games is equally important.
